

Northern Vermont Parcel Data Project

Town of ***** Progress Report 1

Date range covered by this report

Project Contact Name:

Mapping Contractor name/company:

1. Description of activity begun or completed during this time frame. Please identify different activities separately, rather than lumping them together into a broad statement like “contractor worked on making parcel maps”
2. Description of any in-kind activity performed by town personnel or volunteers (this should also be identified on the financial reporting form if you would like it to count as part of your match).
3. List attached invoices from mapping contractor, and any other documentation of work performed, bills received in relation to this project.
4. Description of activity planned for next 2-month period.

Please enclose a copy of the contract between the town and mapping contractor if you have not previously provided a copy to VCGI.
