In addition to our workshop offerings, attendees will enjoy designated networking time, a light breakfast, full lunch and afternoon snack.

### ***Keynote Panel: Understanding the "Value" of Your Town***

Along with traditional economic value of town property and buildings, Vermonters are seeking to better understand the value that citizen participation in governance, environmental quality and healthy lifestyles contribute to overall quality of the places they call home. Our panelists from the University of Vermont and state government will share their unique perspectives on the economic, natural and social values found in our communities.
